

MANOJ DV

+91 7338574279 | patelmanoj8582@gmail.com|

TECHNICAL SKILLS

- Programming Languages: C, C++ (Basics), Python, Java (Basics), MATLAB
- Software Development: Embedded C Programming, Arduino Programming, Microcontroller Programming, Code Testing and Debugging
- Embedded Systems & Hardware: Arduino Nano, Circuit Design, Sensor Interfacing, Component Selection, Wiring
- IoT & Systems Integration: IoT Fundamentals, Hardware-Software Integration, Mobile App Integration, Chatbot Integration
- Other: Problem Solving, Analytical Thinking, Quick Learning, Team Collaboration

EDUCATION

B.E (E AND C) — BGS Institute of Engineering College, Mandya | Expected 2027 | CGPA: 7.5 (Expected)

Pre-University Examination (PUC) — SVP PU College, Tiptur | 2023 | 77.66%

Secondary Education (Central Board) — SVP High School, Tiptur | 2021 | 75.52%

PROJECTS

Phishing Website Detection

- Developed a machine learning–based system to detect and classify phishing websites using URL and website features.
- Trained and tested the model for accurate phishing classification.

Deepfake Video Detection

- Developed a deep learning model to detect deepfake videos using long-distance attention.
- Analyzed facial features and temporal information to classify videos as real or fake.

IoT-based object detection system using Arduino, Wi-Fi module, and object detection sensor

- Developed an IoT-based object detection system using Arduino, Wi-Fi module, and sensors.

EXPERIENCE

Intrella technologies and services pvt ltd

Jul 2026 - Aug 2026

- Worked as a one month intern
- Completed a 4-week internship certificate

Internz Learn

- Completed an Internship in Embedded Systems at InternzLearn and certified

CERTIFICATIONS & ACHIEVEMENTS

- Introduction to Micro-Sensors — NPTEL (4 Weeks)
- Mobile Virtual Reality and Artificial Intelligence — NPTEL (4 Weeks)
- SIH Hackathon — 2026
-

AREAS OF INTEREST

Playing games | Travelling and Exploring New Places | Music
